

**This mod helps with the HD800.
It's not intended to transform the
HD800 into something else.
It's supposed to sound bright.**

**Use this ring for
a more neutral
sound**

**Use this ring for
a warmer and
thicker sound**

**Use the thicker
shelf liner material**

**Place this trapezoid
on the plastic behind
the driver**

ANAX MOD 2.0
